

## Distribution Grids Connected to the ELIA Grid Identification for Nomination Purposes

### Situation on February 1<sup>st</sup>, 2021

Reminder:

- ❑ Schedules related to offtakes located into distribution grids connected to the ELIA Grid must be submitted per distribution grid.
- ❑ The EAN code (18 characters) mentioned here below is the one for the access point. Please do not mix-up with the EAN code (13 characters) used by the Distribution Grid Operators.

Introduction of load forecast nominations:

For B2B users: only the EAN code (see list below) must be completed in the field “Offtake Point”

For B2C users: the combo-box for “Offtake Point” will give the display name (see list below) and mention the EAN code

	<b>EAN code</b>	<b>Global Access Point</b>
<b>AIEG</b> (Association Intercommunale d'Etude et d'Exploitation d'Electricité et de Gaz)	541453179928225270	AIEG
