TOEGANGSCONTRACT

Agenda

1. Revisie toegangscontract
2. Proces aansluitingscontract

Toegangscontract - voorafgaand

Voorafgaand:

Begin 09/2021: einde consultatie toegangscontract
11/2021: consultatierapport beschikbaar en besproken op BG
Midden 12/2021: opmerkingen regulatoren ontvangen (inclusief vraag CREG versnelde DROP)
Midden 01/2022: opmerkingen regulatoren verwerkt

Huidige stand van zaken:

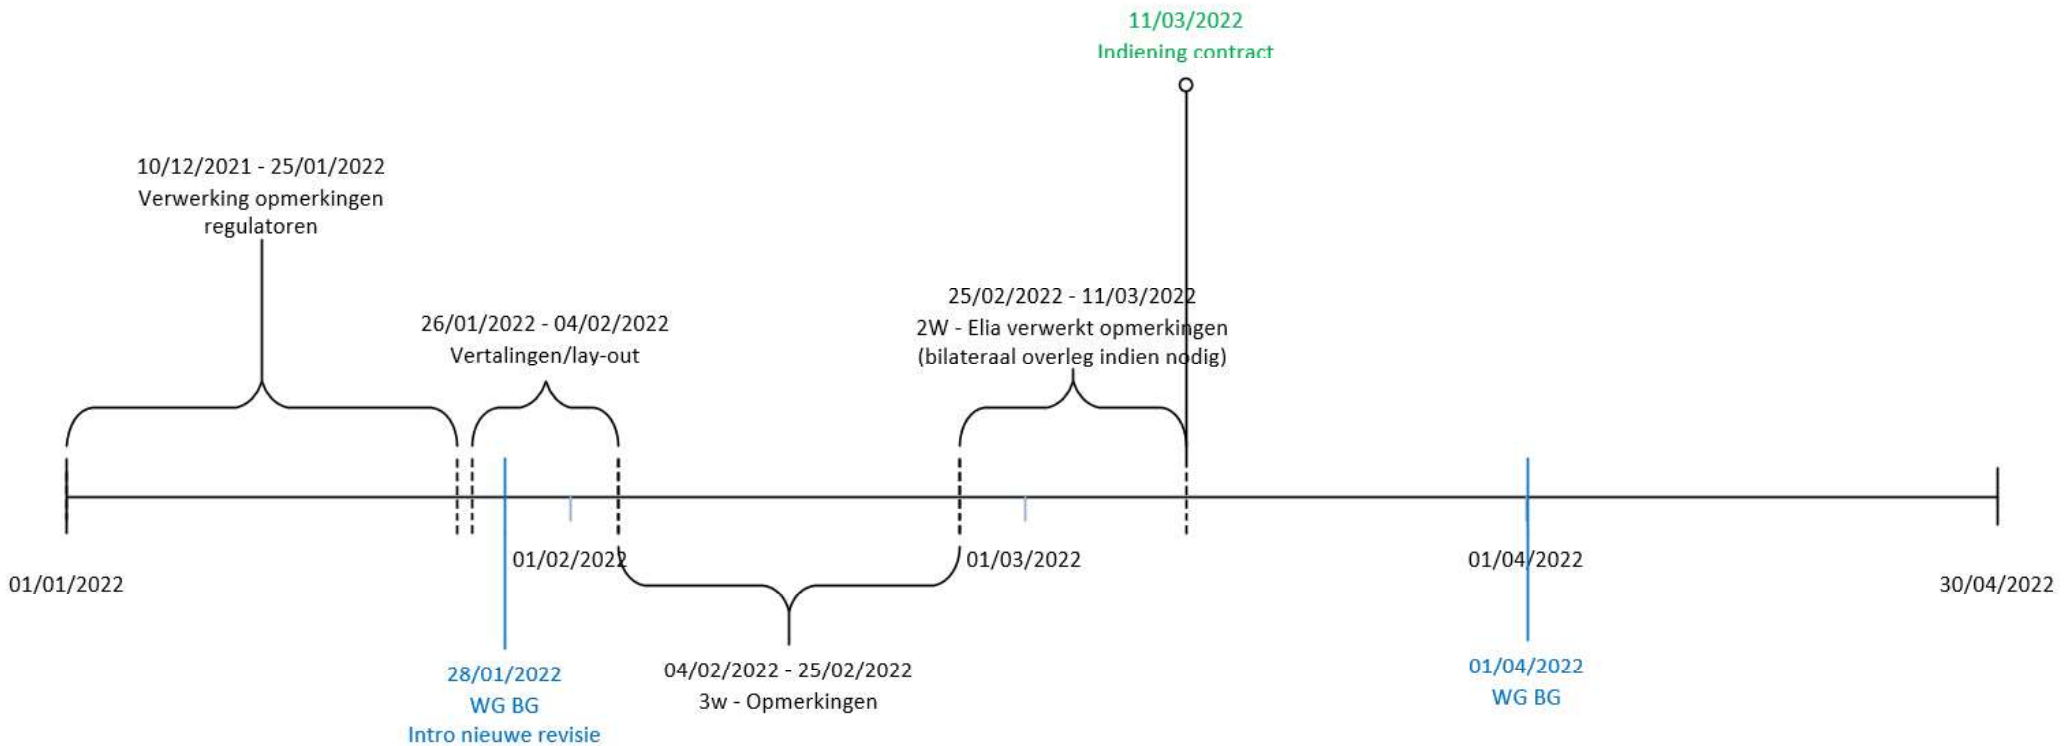

28/01/2022: WG BG – informeren nieuwe revisie en mogelijke timings

Planning - twee opties:

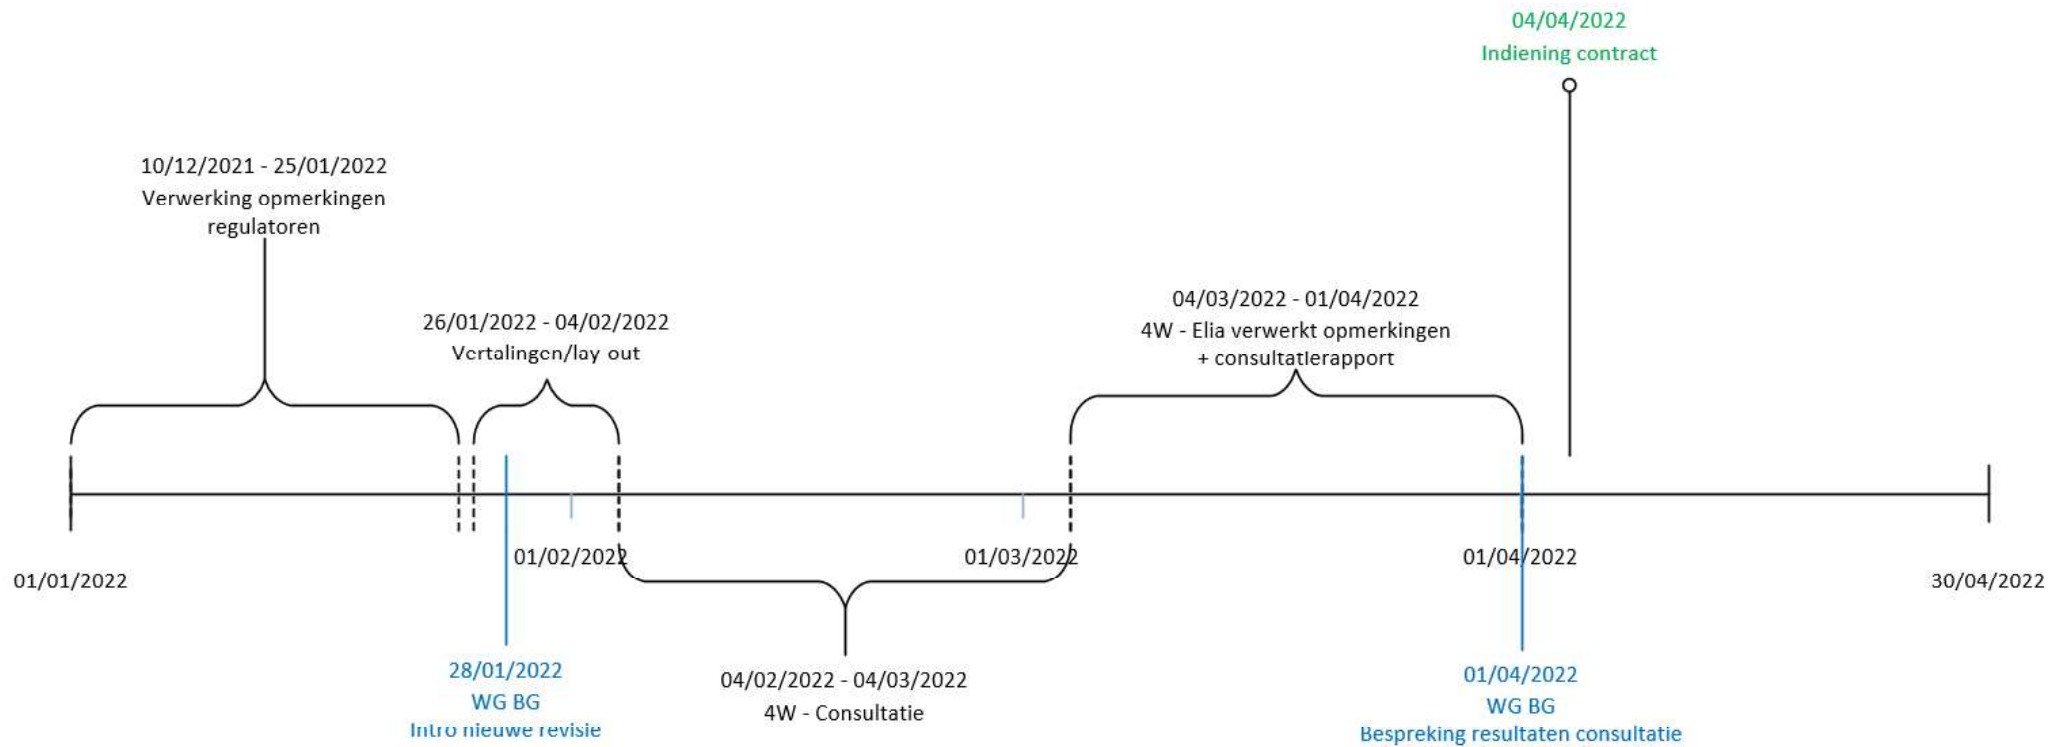

- Elia noch de regulatoren consulteren
- Elia consulteert

Mogelijke planning – optie A: geen formele consultatie

Mogelijke planning – optie B: formele consultatie

AANSLUITINGSCONTRACT

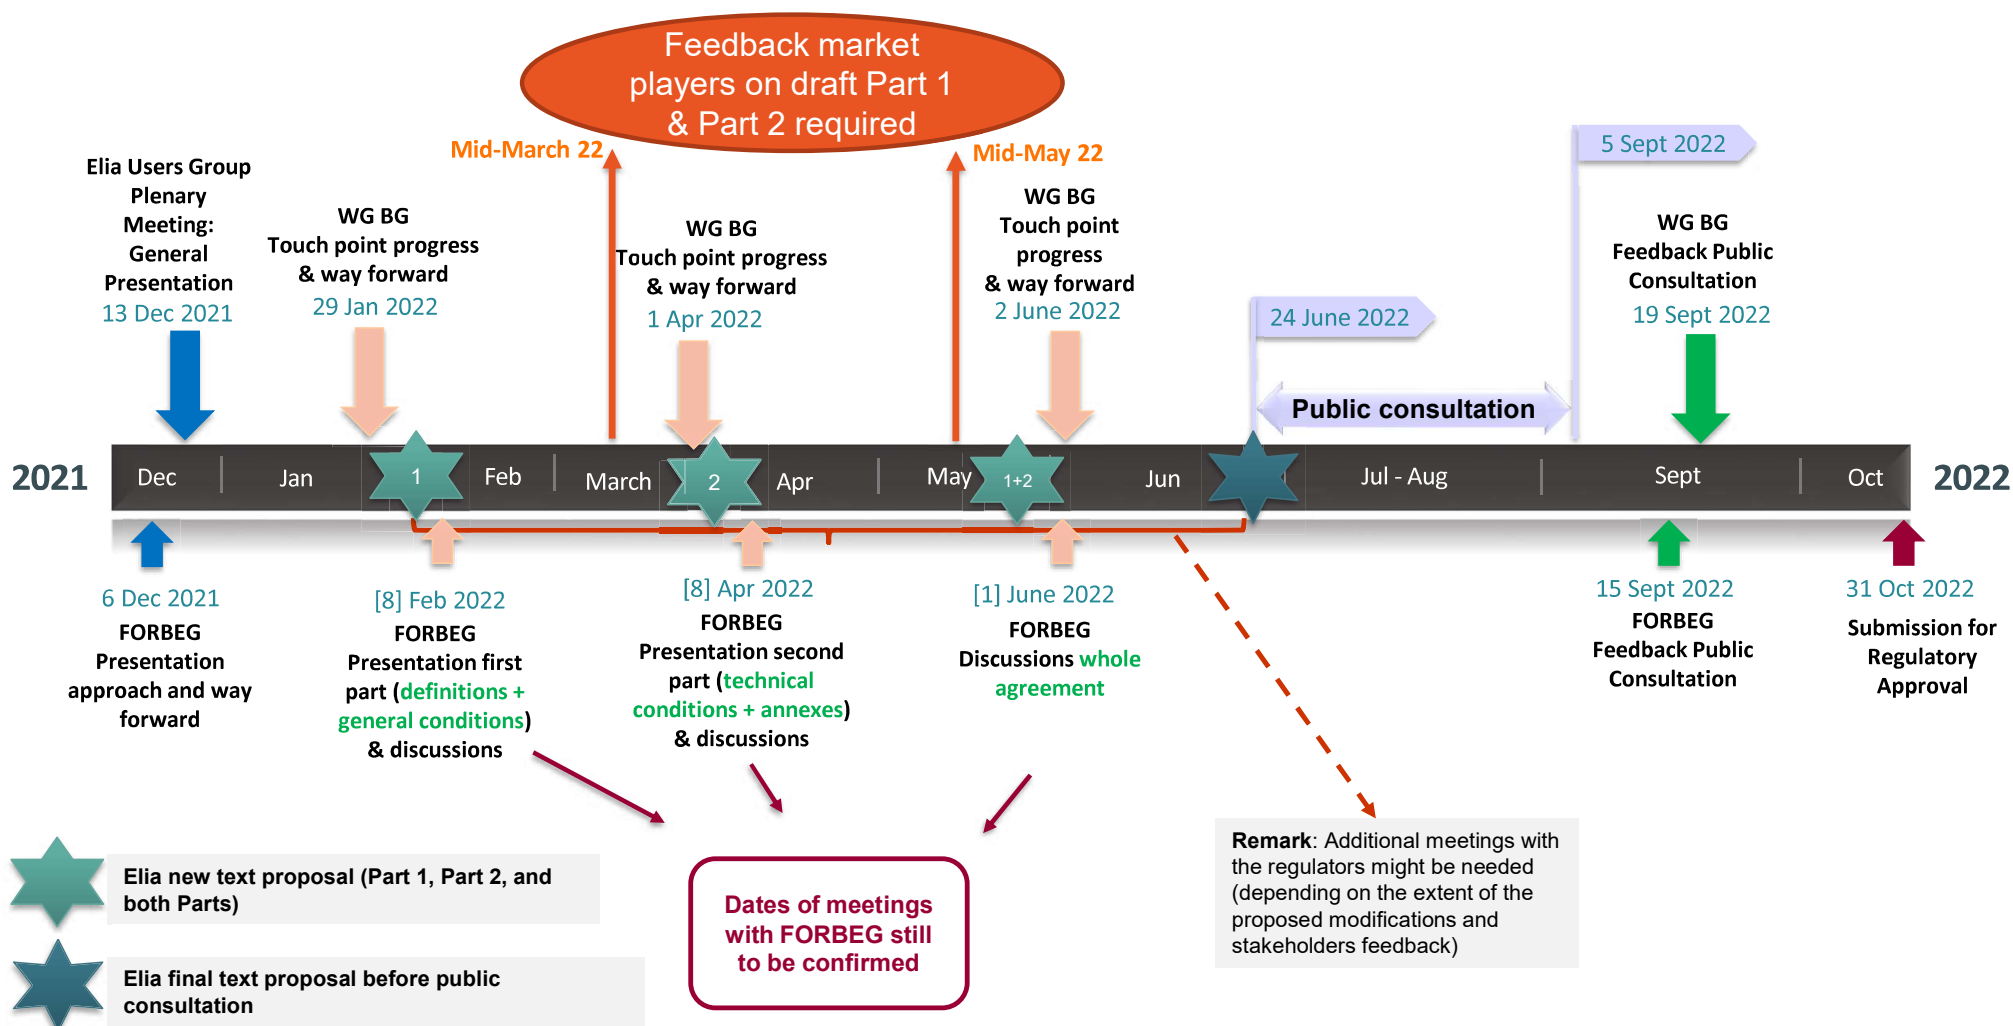

Connection Contract: general objectives of the revision

- Compliance with:
 - EU Network Codes (DCC, RfG & E&R);
 - EU Guidelines (CACM & SOGL);
 - Federal Grid Code (and CREG Code of Conduct, if applicable);
 - Regional Grid Codes, where applicable; and
 - Applicable Belgian legislation / regulation (e.g. E law, tariff methodology)
- Alignment with other regulated contracts (Access & BRP)
 - Formatting to Elia regulated contracts template
 - Reorganisation of sections to match new structure of regulated contracts
 - Alignment (where possible) of definitions and general conditions to create harmonisation amongst regulated contracts

Proposed timeline - General

Proposed timeline for sharing drafts and receiving feedback
